COMMISSION

Brussels, XXX
[...] (2025) XXX draft

COMMISSION REGULATION (EU) .../...

of XXX

correcting Commission Regulation (EU) 2023/1670 laying down ecodesign requirements for smartphones, mobile phones other than smartphones, cordless phones and slate tablets pursuant to Directive 2009/125/EC of the European Parliament and of the Council

(Text with EEA relevance)

This draft has not been adopted or endorsed by the European Commission. Any views expressed are the preliminary views of the Commission services and may not in any circumstances be regarded as stating an official position of the Commission.

COMMISSION REGULATION (EU) .../...

of **XXX**

correcting Commission Regulation (EU) 2023/1670 laying down ecodesign requirements for smartphones, mobile phones other than smartphones, cordless phones and slate tablets pursuant to Directive 2009/125/EC of the European Parliament and of the Council

(Text with EEA relevance)

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Directive 2009/125/EC of the European Parliament and of the Council of 21 October 2009 establishing a framework for the setting of ecodesign requirements for energy-related products¹, and in particular Article 15(1) thereof,

Whereas:

- (1) Commission Regulation (EU) 2023/1670² establishes ecodesign requirements for smartphones, mobile phones other than smartphones, cordless phones and slate tablets.
- (2) Annex II to Regulation (EU) 2023/1670 requires that a range of spare parts are made available to professional repairers or end users, and it establishes two different maximum delivery timelines of those spare parts: five working days during the first five years and ten working days during the remaining two years. However, the obligation to provide spare parts may last longer than seven years. Therefore, this error needs to be corrected. Given that the error affects all products covered by the Regulation, the same correction has to be made for each product group in parts A to D, section 1.1, point (3), of that Annex.
- (3) Annex II to Regulation (EU) 2023/1670 establishes different disassembly requirements for various parts of the product. There is an error regarding the requirements for the replacement of the display assembly, which was erroneously included in two separate sections of the requirements. For clarity and consistency this error in parts A, B and D, section 1.1, point (5), of that Annex, needs to be rectified.
- (4) Regulation (EU) 2023/1670 should therefore be corrected and amended accordingly.
- (5) This Regulation should apply from 20 June 2025, in line with the date of application of Regulation (EU) 2023/1670.
- (6) The measures provided for in this Regulation are in accordance with the opinion of the Committee established by Article 19(1) of Directive 2009/125/EC.

¹ OJ L 285, 31.10.2009, p. 10, ELI: <http://data.europa.eu/eli/dir/2009/125/oj>.

² Commission Regulation (EU) 2023/1670 laying down ecodesign requirements for smartphones, mobile phones other than smartphones, cordless phones and slate tablets pursuant to Directive 2009/125/EC of the European Parliament and of the Council (OJ L 214, 31.08.2023, p. 10, ELI: <http://data.europa.eu/eli/reg/2023/1670/oj>).

HAS ADOPTED THIS REGULATION:

Article 1

Annex II to Regulation (EU) 2023/1670 is corrected in accordance with the Annex to this Regulation.

Article 2

This Regulation shall enter into force on the twentieth day following its publication in the *Official Journal of the European Union*.

It shall apply from 20 June 2025.

Done at Brussels,

For the Commission
The President
Ursula VON DER LEYEN
